NUMBER 39

CHANUTE TOOK MOTOR CAR RACE

J. F. Jersey's Racer took First Money Without Trying—Big Crowd Witnessed Speed Contests.

The specially built Flanders Twenty racing car of J. F. Jersey, driven by C. A. Shaftstall at the automobile races at Iola yesterday easily won from the Ford car driven by B. T. Barber at Iola. The Jersey car was in perfect trim, but before the Iola car had gone more than a half dozen laps on the half mile course it was noticed that a cylinder was missing. This so handicapped the Ford that the race was a walk-a-way for the Chanute car. Good time was made in the first heat of five miles. The five miles were done in seven minutes and two seconds. The next five miles in seven minutes and six seconds. The third five miles the car was allowed to loaf. The two automobiles were the only entries in the auto race.

The owner of the Ford has not lost faith in it and as soon as the engine trouble is overcome wants to match another race with the Chanute car.

A crowd of nearly two thousand people attended the races, which were a new form of sport for the Iola race track devotees. At least one hundred and fifty cars were ranged about the track, that had come from all directions, as far away as Ottawa, Garnett, Cherryvale, Erie, Fort Scott and Yates Center. A large number of Chanute cars made the trip, and besides this the noon train was crowded.

A motorcycle race was run by a number of the Iola boys and then Ora Clossen, of Chanute gave them an exhibition of race track burning making a mile in one minute and fourteen seconds. Clossen and Watson both of Chanute then raced a few laps, and Clossen won.

Considerable comment was roused on the grandstand when Schaftstall walked to his racing car before the automobile race on crutches. Schaftstall was seriously hurt in the auto races at Coffeyville last winter.

Tel. 1458 for Wimsett quick taxi cab and auto service.

WOMAN'S WAGE INVESTIGATED

Topeka, Kansas, June 11.—To get information upon which to make recommendations to the next legislature for a minimum wage and maximum working day for women employees in Kansas, the state department of labor has prepared a blank for women employees over the state to fill out with information as to working hours and working conditions.

Recently the department of labor prepared a blank which employers are filling out telling of the number of women they employ, the hours they work per day and week and kindred information. The labor department is gathering this information with a view of assembling it and from it making recommendations to the governor and the next legislature on minimum wage and maximum hours. At the last last legislature measures were defeated prescribing a minimum wage and maximum hours.

Attention Moose

All members are urgently requested to be present at the regular meeting Friday night, June 13, as matters of importance in which you should have a voice are to come up in this meeting.

J. D. BYERS,
92 Secretary.

Official Weather Observer

BARTLESVILLE HOP JOINTS RAIDED

Bartlesville hop joints are still propositions. Two have been raided within the last two days and when the first one was raided one of the officers of the raiding party became unconscious on entering the room. The police judge is handing out some fines to the "hoppers" to the tune of \$36.75 apiece. Six have been convicted within the past week. Bartlesville isn't any ahead of Chanute. There was a "hop" den here too, not many days ago. But the "hoppers" outfit was taken up in the raid of Saturday and the hop joint is no more.

Three flavors of ice cream given for a NICKEL, from Citti's wagons, phone 2201.

Croquet sets, hot plates, ovens, etc., at the Racket Hardware store.

Miss Pearl Loy, violinist, Miss Fern Loy, cellist, and Mr. Robert Steiner, pianist, will appear in a joint recital at the Presbyterian church tomorrow night. This will be a musical treat, don't fail to attend.

The bugle tells you that Citti is about to pass your house and you can get anything in the ice cream line you want.

FROST AT MISSOURI CAPITAL

A light frost was reported at Jefferson City, Mo. This is the first time within the recollection of any of the inhabitants that there has been a frost there as late as June 10th. It was very light, discernible only in low places. No damage was done.

Come in and let us show you our new wall paper and cut out borders. J. R. Gordon, phone 646, opposite post office.

Announcement

Hainbach Bakery is now ready to supply all your wants in their lines: Try our home-made Bread, order it from your grocer and if he will not supply the same call up 1489 and we will see that you get it.

We have also installed the latest improved Sanitary Soda Fountain and will be pleased to serve you any thing that can be had in that line. Nice, cool, comfortable Ice Cream parlor. Your patronage appreciated.

Telephone 104 McCormick Bros. Taxi and auto livery.

10 OIL WELLS SHOT IN 10 DAYS

Oil Fields Tapped In All Directions from Chanute—Most of Them Are Good Producers

W. S. Winchester, of the Kansas Torpedo Company said this morning that the oil business was in a very active condition during this month. His record for the first 10 days of June was a well a day—all oil. The wells were shot with varying quantities of nitro. The first one on the June list is a well for Young Brothers & Company, eight miles northwest, Geo. V. Mathias, two miles southwest of Humboldt on the Williams farm.

A twenty barrel producer was brought in for R. Lent in the Moran field. The Commonwealth Oil Co. brought in two wells which were shot last week on the Russel farm. They are about 10 and 20 barrel pumps.

The Eastern Kansas Oil Co., operating in the Moran field, had a well shot. A well was then shot on the Cunningham farm, 16 miles northeast of here for J. S. McCanislon of Owassa, Okla.

The Phoenix Oil & Gas Co., have well No. 7 shot on their lease, the Geissler farm eight miles northeast of here. Fisher, Pens & Cooper have producer No. 3 on their Moran property, and Ezra Holeman, also operating in the Moran field, has had well No. 2 shot this week.

It appears that in no other field around Chanute is the drilling at present more active than in the Moran field and most reports from there leave the impression that most of the wells produce a good quantity of oil.

Beichs sweetest of all chocolates at Frazier's Theatre Pharmacy only.

The Harley-Davidson motorcycle always makes good.—Barbee & Woods, Oriental Garage.

A nice swing or hammock or other piece of porch furniture would add to the appearance of that porch and would be a great luxury. Call at Millers and see his new designs in porch furnishings. 90
